

SAO Solar REU Program

Colloquia and Tutorials

June 12	Tutorial	Introduction to the Solar Corona and Our Sun as a Star
June 19	Tutorial	The Sun's Interior and Solar Dynamo
July 10	Tutorial	MHD
July 17	Tutorial	Flares
July 24	Tutorial	Solar Wind
July 31	Colloquium	Space Weather and Coronal Mass Ejections
August 7	Colloquium	The Sun and Climate
August 13	Solar REU Symposium	Students report on their projects

All talks, except the Symposium (date/place TBA), are at 11 am in the PB-01 Mission Operations for XRT. Take the elevator to B. It is the only door there.

The tutorials are of a technical nature specific to the solar program. The colloquia are lectures of interest to a broader audience. All are welcome to attend.
